Re: Order received October 9, 1981 issued to
Chevron U.S.A. Inc. requiring application
for Solid Waste Facility Permit.

Dear Director Stanton:

Please be advised that we are counsel to Chevron U.S.A. Inc. which maintains an oil refining facility at 1200 State Street, Perth Amboy, New Jersey 08861.

We have been given an Administrative Order issued over the signature of Edward J. Londres, Assistant Director, Enforcement Branch, dated October 6, 1981 and addressed to Chevron U.S.A. Inc. That Administrative Order asserts that Chevron U.S.A. Inc. is presently operating as a solid waste facility in violation of N.J.A.C. 7:26-2.2.a. Chevron U.S.A. Inc. disputes the finding of the Administrative Order.

Please be notified on behalf of Chevron USA, Inc. that an administrative hearing is hereby requested in connection with said Administrative Order.

Notwithstanding the filing of this request, we request that an informal conference be scheduled to discuss the possible resolution of this matter without the necessity for a formal administrative hearing. It is of course understood that such conference would be without prejudice to the position of Chevron U.S.A. Inc.
